Micra Partners is the premier executive search firm in the senior care industry. Our commitment to customer service and expertise in staffing high quality health care professionals has made us an innovative leader among healthcare staffing providers nationwide.

We specialize in the placement of Skilled Nursing and Assisted Living positions including DON, ADON, MDS Coordinator, Administrator, Executive Director, and Director of Sales/Marketing positions. As specialists in the Senior Care Industry, we find the best talent for our clients. Utilizing an Account Executive territory model, we develop an understanding of the local markets and partner with our clients to fully understand their needs, corporate culture and expectations.

People. Micra Partners understands your need to quickly and cost effectively staff your facility with the most qualified healthcare talent available to meet changing business demands. As specialists in the Senior Care Industry, our people are knowledgeable and experienced, and we consistently find the best talent based on our deep understanding of local markets. From recruitment to placement, you can rely on one point of contact committed to all your staffing needs.

Process. At Micra Partners, we leverage the power of our territory network and proven staffing process to provide you with a professional staffing solution that meets your needs and budget. With a consistent and structured workflow, you have more time to focus on other important business demands.

Performance. Our thorough screening process and around-the-clock accessibility will give you confidence in addressing your staffing needs, even during times of critical staffing shortages. Your complete satisfaction is our number one priority, and you can rely on the attention to detail, dedication, and commitment to excellence that has made Micra Partners a proven leader in the senior care industry.

We Listen. Our staffing specialists ask questions and listen to ensure we understand your unique business requirements, corporate culture, short-term and long-term goals, and successful profiles within your organization.

We Understand. Micra Partners specialists possess in-depth knowledge and expertise within the senior care industry. We combine our strong communication and listening skills with a comprehensive people database to produce timely, customized results.

We Implement. Our search process is disciplined with three distinct phases:

- **Comprehensive Candidate Contacts**

We profile, screen, interview, and select the best talent in the healthcare industry.

- **Client Presentations**

We present motivated, talented candidates aligned with your unique business needs.

- **Negotiations & Closing**

We act as mediators to ensure successful, win-win results for all parties.
